The annual percentage yield (APY) assumes that interest remains on deposit until maturity. A withdrawal reduces earnings. Substantial penalty for early withdrawal from Certificates of Deposit. Interest is calculated on a continuous compounding method. Interest begins to accrue on the business day that you deposit non-cash items (for example, checks). You must maintain a minimum balance each day in your account, as stated in our account disclosure, in order to maintain the annual percentage yield disclosed. For a current disclosure, please contact Pilgrim Bank at (781) 383-0541. All rates are subject to change without notice. Member FDIC. Member SIF.
